### "Don't Shoot, G-Men, Don't Shoot!" Pleads Kelly

(Editor's note: Everyone knows of the FBI, but surprisingly few people know how it operates, guarding national security, tracking down criminals, protecting civil rights. For the first time the story is told in all its detail by Don Whitehead in his new book, "The FBI Story" (Random House). The Gettysburg Times begins today a 30-part serialization of highlights from this outstanding book.)

Shortly after midnight on July 23, 1933, a light flashed on the FBI's switchboard, signaling a call on the special kidnap line — National 8-7117 — set up as part of an intensive effort to cut down the alarming increase in kidnappings for ransom.

The operator quickly switched the call to the home of Director J. Edgar Hoover.

Mrs. Charles F. Urschel of Oklahoma City spilled out to him the story that her husband, a wealthy oil man, and a friend, Walter R. Jarrett, had been kidnaped only a few minutes earlier.

Playing Bridge

She told Hoover that she and her husband were playing bridge with Mr. and Mrs. Jarrett on the Urschels' screened porch when two men, armed with a machine gun and a pistol, opened the door and stepped onto the porch.

"Which one of you is Mr. Urschel?" one of the gunmen asked.

When neither Urschel nor Jarrett replied, the kidnaper said, "Well, we'll take both of them." Hoover immediately telephoned the Oklahoma City FBI office and ordered agents to the Urschel home. He told his men to be sure the Oklahoma City police were alerted. Within an hour FBI special agents were converging on Oklahoma City from other points.

Let Family Decide

They were under orders to cooperate with the family, and to do nothing that would jeopardize

Charles F. Urschel, wealthy Oklahoma oil man, pictured with his wife after his release. Urschel's amazing memory for details led FBI agents to isolated Texas ranch where he was held prisoner.

Four days later, a friend of the Urschels received a package delivered by a Western Union messenger. The package contained four letters, one in Urschel's handwriting. Another was a typewritten letter addressed to E. E. Kirkpatrick of Oklahoma City. This letter demanded \$200,000 for the oil man's safe return. There were instructions to place an advertisement in the Daily Oklahoman's classified ads columns if the kidnappers' price was going to be met.

The innocent-looking ad appeared in the Daily Oklahoman.

Remarkable Memory

Urschel arrived home the next night, unharmed but exhausted. After he had rested, he gave FBI agents the story of his kidnaping in amazing detail. After Jarrett was put out of the car, Urschel was blindfolded. About daylight, the kidnap car drove into a garage.

## TWO LOCAL MEN HURT IN CRASH SUNDAYMORNING

Henry T. Bream, 56, Gettysburg R. 2, athletic director and former coach at Gettysburg College suffered lacerations of both lips when a car in which he was an occupant was struck by another vehicle in the bridge over Rock Creek a mile north of here on the Harrisburg Rd. at 12:10 o'clock Sunday morning.

Dr. Ralph D. Wickerham, 57, 37 E. Broadway, local dentist, suffered bruises of the knees. He was driver of the car in which Bream was a passenger.

Dr. and Mrs. Wickerham and Mr. and Mrs. Bream were enroute home from a hockey game at Hershey when the crash occurred. State police said Dr. Wickerham was driving south when a northbound car operated by Ernest Jackson, 51, Manchester, Pa., employed at an army depot at York, suddenly swerved across the highway in the bridge, and struck the Wickerham sedan.

To Charge Driver

After hitting the Wickerham vehicle the Jackson sedan swerved out of control, smashed through a guard fence, went down an embankment and came to rest on land of W. E. Jordan, along the north bank of the creek. The Jackson car, when it came to rest, had turned completely around and was facing south.

Jackson was removed to the Warner Hospital in the ambulance and was admitted as a patient there with a bruised back, and lacerations and bruise of the face. Bream was removed to the Warner Hospital by a passing motorist. He was treated and then discharged. Dr. Wickerham did not seek immediate treatment for his bruises.

Mrs. Henry T. Bream was treated at the hospital for contusions of the left cheek and abrasions of the right leg. Mrs. Ralph Wickerham was treated for contusions and abrasions of both knees and to the left elbow.

Damage was estimated at \$1,000 to Jackson's 1954 sedan and at \$1,500 to Dr. Wickerham's 1955 model car.

State police are continuing their investigation and said they will bring a charge against Jackson. They said Jackson told them he had fallen asleep just before the crash occurred.

## LANGUAGE LAB DEMONSTRATED AT ST. JOSEPH

(See Photos On Page 3)

Sister Margaret Plinton, D.U., associate professor of French at St. Joseph College, Emmitsburg, and members of the language department, demonstrated the recently installed language laboratory to college faculty members during the faculty meeting held at the college this afternoon.

The laboratory consists of eight semi-soundproof booths, each equipped with earphones. By means of a patch cord system, a recording may be piped from one of the tape recorders or from a phonograph to individual students in the eight booths. Students may then tune in the assigned lesson and either read and listen or listen and repeat aloud what they hear. A jack box allows six additional students to listen to recordings.

Have Many Records

Approximately 150 to 200 records compose the laboratory library, a composite of folk tales and folk songs, literary works, and musical selections. In addition, the laboratory contains a set of "lessons by record," the Funk-Wagnall "Modern French By Sound." There are two linguaphones and one Webster phonograph.

St. Joseph College began construction of the laboratory last summer following studies made by Sister

## YOUTH KILLED IN SPORTS CAR HEAD-ON CRASH

Kenneth W. Gladfelter, 20, Bermudian, was killed instantly Saturday night when the sports car he was driving collided head-on with another car on Route 194 near Franklintown. The driver of the second car was hospitalized.

State police, who investigated, said Gladfelter, a son of Mr. and Mrs. Glenn Gladfelter, was driving north on Rt. 194 a mile and a half south of Franklintown when the crash occurred.

Police said a truck, driven by Kenneth Smith, a plumber, was headed north ahead of Gladfelter's car and Smith was slowing to make a left turn into his place of business.

Police assumed that Gladfelter swerved to miss the Smith vehicle and crashed head-on into a Chrysler, Dillsburg R. 1.

Neck Was Broken

Slyder was removed to the Harrisburg Hospital for treatment to undetermined injuries. Dr. Ralph H. Bentz, Dillsburg, pronounced Gladfelter dead at the scene of the accident at 8:40 p.m. The crash had occurred 10 minutes earlier, police said. Deputy Coroner Philip R. Ness said the victim died of a broken neck.

## DU PONT GIVES COLLEGE \$4,000

Gettysburg College has received two grants totaling \$4,000 from the E. I. du Pont de Nemours & Co., Inc., it was announced today by Stanley Hoffman, business manager.

The grants were among more than a million dollars to colleges and universities for the next academic year.

Du Pont said yesterday more than half its grants to the 122 recipients will be used for improving teachers. The company said the shift in emphasis from science fellowships and fundamental research grants of its previous gift programs "reflects the changing needs of the schools."

Gettysburg College received \$2,500 for its chemistry department and \$1,500 to "strengthen the teaching of other intellectual disciplines that contribute to the education of scientists and engineers." The Du Pont announcement was signed by C. H. Greenwalt, president.

Du Pont announced these other Pennsylvania schools would receive grants: Lehigh University, Muhlenberg College, Allegheny College, Bucknell University, Franklin and Marshall College, Lafayette College, Juniata College, Lafayette College, Lebanon Valley College, Swarthmore College, Pennsylvania State University, University of Pennsylvania and Villanova University.

## CHIEF CLERK TO COMMISSIONERS HAS RESIGNED

Clarence C. Smith, chief clerk to the Adams County commissioners, Saturday submitted his resignation from the four-fold position effective March 31.

Smith began his duties December 1, 1942, and has served under five boards of commissioners. He has filled the post longer than any other clerk within recent years. During his incumbency the county has gone from a position where it was \$250,000 in debt to become debt free when the last bonds were paid off last year.

Smith's resignation is from four positions: chief clerk to the county commissioners; chief clerk to the Adams County Institution District; chief clerk to the board of elections and chief clerk to the board of assessment and review—the four boards filled by the commissioners.

Served Four Boards

The Fayette R. D. resident, who moved from Chambersburg St. to near Caledonia several years ago, said he had been contemplating resigning the post for the last year.

In his letter of resignation, Smith said to the commissioners: "I want to assure you it has been a pleasure working for you and the four former boards of commissioners under which I have served."

The work of the office has more than doubled in the last 14 years, Smith said, without any increase in the amount of help to handle the

multitude of reports, vouchers and records kept by the office.

An example of the increased work, last year a change in the

## LOG CABIN HOME IN MOUNTAINS RAZED BY FIRE

The four-room log cabin home of Charles S. Wagaman and his family on Orrtanna R. 1 was destroyed by fire Sunday evening at 8:30 o'clock.

Wagaman, his wife, two sons, aged 12 and 15, and several daughters and their families resided in the home. The family went to the home of relatives at Hunterstown following the blaze which wiped out their home and all of their furnishings with the exception of some bedclothing salvaged as the family fled the blazing structure.

Owen H. Bucher, Cashtown fire chief, said the fire was caused by an overheated flue from a stove in the log structure along the "new road" which runs from the Cashtown-Arendtsville Rd. across the mountain to St. Ignatius Loyola Church Road in Buchanan Valley.

House Beyond Saving

Wagaman had driven one of his sons to Fairfield for a check-up by Dr. Henderson, and on his return found the house ablaze. Members of the family who had remained at home had been driven from the structure. He drove 1½ miles to the home of Charles Bowman, Orrtanna R. 1, to reach the nearest telephone and summon the Cashtown firemen.

Firemen, slowed by the snowy highways, arrived to find the roof of the four-room structure crashing into the interior of the building. They could do little to remain to see that the fire did not spread. Damage was estimated at \$1,500.

Tried Throwing Water

Mrs. Wagaman said today she, a son, Robert, 12, a daughter, Mrs. Martha Shorb, and her two children, Deborah, one year, and Donald, aged two, and another daughter, Mrs. Agnes Wetzel, and son, David, six months, were at home when Mrs. Wagaman heard a thumping sound in the loft of the log building. She was preparing one of the infants for sleep and looking up a little later saw a glow

the safe return of the oil man. It was—and still is—the policy of the FBI not to advise a family whether ransom money should or should not be paid. These were decisions for the family to make.

Jarrett returned to the Urschel home, disheveled and shaken, about two hours after the kidnaping. He said the kidnapers drove 10 or 12 miles northeast of the city, took \$50 from him, put him out of the car and headed south with Urschel.

# NAME AUDITOR AS 1957 DUTIES GET UNDERWAY

Arnor M. Weikert was elected president of the Adams County Board of Auditors when the board resumed its annual function at the courthouse this morning.

Weikert was the only "holdover" from the previous board of auditors. Mrs. Laura M. Cratin, McSherrystown, who was scheduled to resume her duties today, instead submitted her resignation to the court.

Mrs. Dorothy M. Hockensmith, McSherrystown, was immediately named by the court to fill the position vacated by Mrs. Cratin.

George P. Taylor, Biglerville R. D., who was elected last fall as an auditor, was sworn in by the court, as was Mrs. Hockensmith. At the reorganization of the board Taylor was named vice president and Mrs. Hockensmith as secretary.

Attorney S. M. Raffensperger was elected by the board as its solicitor and work was begun immediately on the audit of the general fund of the county.

Last year the auditors completed their work in 48 working days and President Weikert said today he anticipated that the current board will be able to end its work "in about the same length of time."

Today President Weikert started his 14th year as an auditor. He has been re-elected without opposition since his first try for the nomination.

Mr. Taylor is a former county commissioner and associate judge. Mrs. Hockensmith, wife of George F. Hockensmith, is the mother of one child and while employed in earlier years more recently has been occupied as a housewife.

Mrs. Cratin's resignation stated that it was due to circumstances beyond her control. It was understood that she has become pensioned and has retired from active work. The appointment of Mrs. Hockensmith was made on a petition filed with the court this morning and signed by ten McSherrystown residents.

# MAN IS FOUND DEAD IN AUTO

A man said by Dr. C. G. Crist, Adams County coroner, to be Andrew Lenker, aged about 60, formerly of Landisburg, Perry County, and more recently a resident of near Heidelsburg, was found dead this morning in a field owned by George Tanger, near Kemper's frozen custard stand near York Springs.

Dr. Crist said Mr. Lenker had died of a heart attack while driving toward York Springs, about a mile from his home, and his car had crossed the highway and gone about 200 feet into the Tanger field, ripping through a snow fence before it came to a halt.

Worked at Harrisburg

The car in which Mr. Lenker died was first noticed about 6:30 o'clock. About 6:45 o'clock Thomas Miller, who resides nearby, and Philip C. Aldinger investigated. They found the car with the engine stalled, the lights burning and the windshield wipers working. Mr. Lenker had apparently been sitting at the driver's position and had fallen over on the seat atop his thermos bottle and lunch.

It was surmised that he had been enroute to work at Harrisburg where he was employed at the capitol. He had been due to pick up Wirt Emlet, Elmo Smith and Clair Pittenturf at York Springs. The four formed a motor pool and this week was Lenker's turn to drive.

Discovering the man, and not knowing he had died, Aldinger and Miller called the York Springs ambulance, Lloyd J. Lupp Jr. and Harold Kemper responded, arriving at the scene at 7:15 o'clock. They removed Mr. Lenker to the ambulance, then drove toward Wishard's. The ambulance developed a flat tire and they called Dr. Flickinger. Rupp told Dr. Flickinger that he believed the man was dead and Dr. Flickinger directed they call the county coroner.

Dr. Crist went to the scene and turned the body over to the Pittenturf Funeral Home, Pittenturf and others were seeking Mrs. Lenker at noon. They believed that she is employed in the area but had not been located up to 1 o'clock.

Miss Loretta Swope, Hanover R. 5, aged 22, as she approached Laughman from the opposite direction, tried to stop her car, but went into a skid. Mr. Laughman's vehicle was damaged on the left front fender and the left front door. Miss Swope's car was damaged on the left front fender and left headlight.

## 1ST SNOWFALL OF '57 BRINGS UP TO 4 INCHES

The first snowfall of 1957 began shortly after 6 o'clock Sunday evening and continued at intervals during the night, reaching a depth of only about an inch here but up to four inches reported in the mountains.

After a night of very hazardous driving, streets and most highways in this section were bare at noon today while three state Highway department snow plows continued work in the mountains.

The first cinderling crews went out shortly after 7 o'clock Sunday evening and before long a total of 22 trucks and crews numbering 90 men were spreading cinders, mixed with salt and calcium chloride, on curves, hills, bridges, intersections and grade crossing approaches.

**Taste Of Sledding**  
By noon today only three trucks continued the cinderling work with intermittent snow flurries expected to turn to rain later in the day.

Youngsters got a taste of sledding Sunday night but today there was not enough snow on streets to afford coasting. The snow brought to an end, temporarily at least, ice skating that had been enjoyed during the weekend.

Merchants said there was not enough snow to boom lagging sales of sleds but the demand for over-shoes and galoshes showed a marked increase today.

## The FBI Story by Don Whitehead

Don Whitehead's THE FBI STORY does what never has been done before:

With the help of J. Edgar Hoover it takes you behind the scenes and tells you just what makes the FBI tick and why. There have been other, shorter accounts before, but nothing of this length or authority.

Who started the FBI and when? How does it get recruits? What chance have you of joining up? What is the inside story on some of the G Men's most famous cases? How did its activity differ in World War I and in World War II?

These are just a few of the questions that this extraordinary series answers. It starts in this paper Monday and will run six days a week for five weeks.

ONE HUNDRED YEARS AGO

A Few Kind Words: We have a considerable amount of money to make up shortly, to meet the demands of our paper-manufacturers, and others who furnish us with the wherewithal to live; and having no other resources than our business to fall back upon, we are under the necessity of calling the attention of those indebted to us to this fact. The mere announcement of this desire on our part, we have no doubt, will induce many to think of us, who have not given, for several years, any of that "material aid," which is so important in a business like ours — for we presume it has been altogether through inadvertence that we have been so long neglected. Money may be forwarded by mail at our risk and we hope will, by our mail subscribers. This notice is not intended for our punctual friends, who never let their accounts run over one, two or three years, and we hope, that, as the Irishman remarked, they will not read this paragraph.

The Rev. Mr. Van Wyck will preach at the Lower Marsh creek Church, on Sabbath the 11th inst., at 2 o'clock in the afternoon.

On New Year's afternoon, there was quite a panic at the Alms house for a short time. In the new Hospital, the rooms are heated by a furnace, and one of the flues being defective, fire was communicated to the floor above. It was soon extinguished, doing no material damage.

Mr. Editor: — If you will allow a place in your columns, I wish to acknowledge kindness shown by the people of Mountjoy — some from little, some from older friends — there was a first-class buffalo robe and a small purse by the congregation, and an excellent fur by the class of catchumens. A few months ago Dr. J. C. Bush and S. D. Reck manifested their regard by storing the mow with hay to last during the winter. Others have not been unmindful of the corn and oats chests. All who have thus been expressing their good will from time to time will please receive the most heartfelt thanks of the pastor. All such gifts are highly appreciated for their intrinsic value, but more especially for the good will, love and esteem which they bespeak. Pastor.

## Today's Talk

## THE POWER OF CHOICE

Just for a moment meditate upon the fact that only free people retain the power of choice, the God-given privilege to do with their lives what they will! What a blessed thing it is to be free!

This power of choice is a precious possession because the handling of it will always be the measure of our success and happiness. We may make a great many bad mistakes and decisions, but thank God they are made through a free choice!

I recall so vividly how free I felt when I went a long distance from home, for the first time, in order to work my way through college. It was really the first responsibility of consequence that I had ever been given. But rather than making me dependent in any way upon others I then felt I owed a demonstration of myself, if for no other reason than just to be self respectable!

Purpose is a wonderful thing to have, plus the will to back it up. People with no purpose are never happy. They live wobbly lives, never knowing their wished-for destination. The world is at their feet, but they just walk away not interested. No wonder such people fall into evil ways, become discouraged, and fade out!

Not only is this power of choice important in itself, but its significance lies in the manner of its use. The wrong things may be chosen or be inappropriate. Many a person has made a wrong choice, but made the most of it. We don't always know for sure whether we are right or not. We know, however, that we are free to make any choice we wish so long as it does no injury to someone else.

This power of choice is meted out to us all, but with it is a responsibility that may turn out to be a serious challenge. Let us each and all accept that challenge, and give the best that we have and are — thankful for the opportunity!

Tomorrow Mr. Adams will talk on the subject: "Envy No One"

## THE BLUE PENCIL

I've had my copy cut to bits  
And seen it thrown away;  
From editors I've often heard:  
"We're over-set today."

If you have news you must  
report,  
We're shy of space, so keep it  
short!"

I've had my phrases pencilled  
out  
And grieved to see them die;  
I have been told, beyond a doubt  
A wordy man am I.

With news I've hurried in from  
town  
And then been told to: "Keep it  
down!"

"Go home and in the Bible read  
The Sermon on the Mount";  
The words the Master seemed to  
need

Were few, if you will count.  
Be brief with what you have to  
tell  
Although you may not do as  
well."

## Winter Sports Come To Gettysburg Area

## PREDICTIONS ON TV CHANGES IN '57 VENTURED

By CHARLES MERCER

NEW YORK (AP) — A year ago, when I was younger and brasher, I made some prophecies about what would happen in television in 1956. No prophet ever should confront past prophecies, but let's look anyway:

"There will be an increased number of longer television programs." (There are.)

"The two-hour program will be commonplace by the end of the year." (It is not.)

Wrong On Comedian

"There will be about 27 new quiz programs on TV." (at latest count, as best I can make out, there are about 17.)

"At least one high-ranking official of one TV network will transfer his allegiance to another TV network." (Playing average chances again; I had no idea Robert Kintner, then president of ABC, would become a vice president of NBC.)

"A sensational new comedian will come to television in 1956." (He certainly has not.)

Some Generalization

So it went. No extraordinary prophet I; no reason to stay in the business. Yet with experience you learn that the trick is to spread your bets shrewdly. Be general rather than specific.

For 1957, then, let's make some generalizations rather than prophecies about television. Here are with many well-informed persons: There are no signs at present of any radical departures or extraordinary experiments in television programming in 1957. Programs which appear to be generally popular will continue to be imitated.

Quiz Shows To Thrive

Quiz shows apparently will continue to thrive; they seemingly bore only a minority of viewers. It seems certain that Lawrence Welk with his program of virtually straight music will cause others to imitate him.

Some of the regular dramatic programs have noted what they believe is a preponderance of viewer interest in dramas of suspense rather than social message. This does not mean murder mysteries; it means the will-shewon't-she suspenseful story line. They will seek more of these kinds of dramas.

There are plans for innumerable new "situation comedies," a form which continues to be considered basically popular on the home set despite its annual high casualty rate.

More Recent Movies

The imitative instinct of television will continue to lead to good as well as mediocre programming. The critical success of Omnibus on CBS-TV helped induce NBC-TV to create a different type of

The first bit of solid evidence that winter had come to this area was found Sunday afternoon on one of the lakes at Twin Lakes, the John D. Teeter housing development between the Old Mill Rd. and the Fairfield Rd. There some youngsters and a few adults found winter sports to their liking. They played hockey, skated, slid and sledged to their hearts' content. It was the first time this season the lake had been frozen solid enough to bear the weight of the sports' enthusiasts.

## Mrs. Mary Knowles, Librarian, On Trial For Balking Red Quiz

By KARL BAUMAN

WASHINGTON (AP) — Mrs. Mary Knowles, 46, librarian at a Quaker-operated library at Plymouth Meeting, Pa., was called to trial in Federal Court today on charges of refusing unlawfully to answer questions about past Communist affiliations.

The 58-count indictment against Mrs. Knowles grew out of her appearances before the Senate Internal Security Subcommittee July 29 and Sept. 15, 1955.

If convicted, Mrs. Knowles faces a possible maximum penalty on each count of a year in jail and a \$1,000 fine.

Asst. U.S. Atty. William Hitz, the government prosecutor, said he intends to call only one witness—J. G. Sourwine, a member of the subcommittee staff.

To Read Testimony

Hitz said Sourwine would read Mrs. Knowles' testimony and testify as to why the subcommittee thought it was entitled to answers it didn't get.

On both occasions in 1955, Mrs. Knowles said she had not been a member of the Communist party or affiliated with any subversive organization for "many, many years."

But she refused to answer questions concerning past Communist affiliations, or to say whether she knew many persons, some of them identified by the subcommittee as having been active in Red affairs in New England.

In declining to answer such questions, Mrs. Knowles contended the subcommittee lacked jurisdiction to ask them. She said she felt the Constitution's first amendment ruled out "inquiry into one's thoughts and affiliations."

Power Of Inquiry

Last Thursday, the U.S. Court of Appeals here ruled unanimously, that Congressional Committees have the power to inquire into "political beliefs and associations" so long as this is done in connection with a valid legislative purpose.

Mrs. Knowles did not invoke the Fifth Amendment privilege against compulsory self-incrimination in 1955 as she did when she

experimented with Wide Wide World. When Omnibus moved to ABC-TV, it was not long before CBS-TV felt it necessary to create Odyssey.

There will be better and more recent movies available to the TV medium in 1957. Taking an optimistic view of that fact, the result could be better network live programming in some time periods to meet the competition.

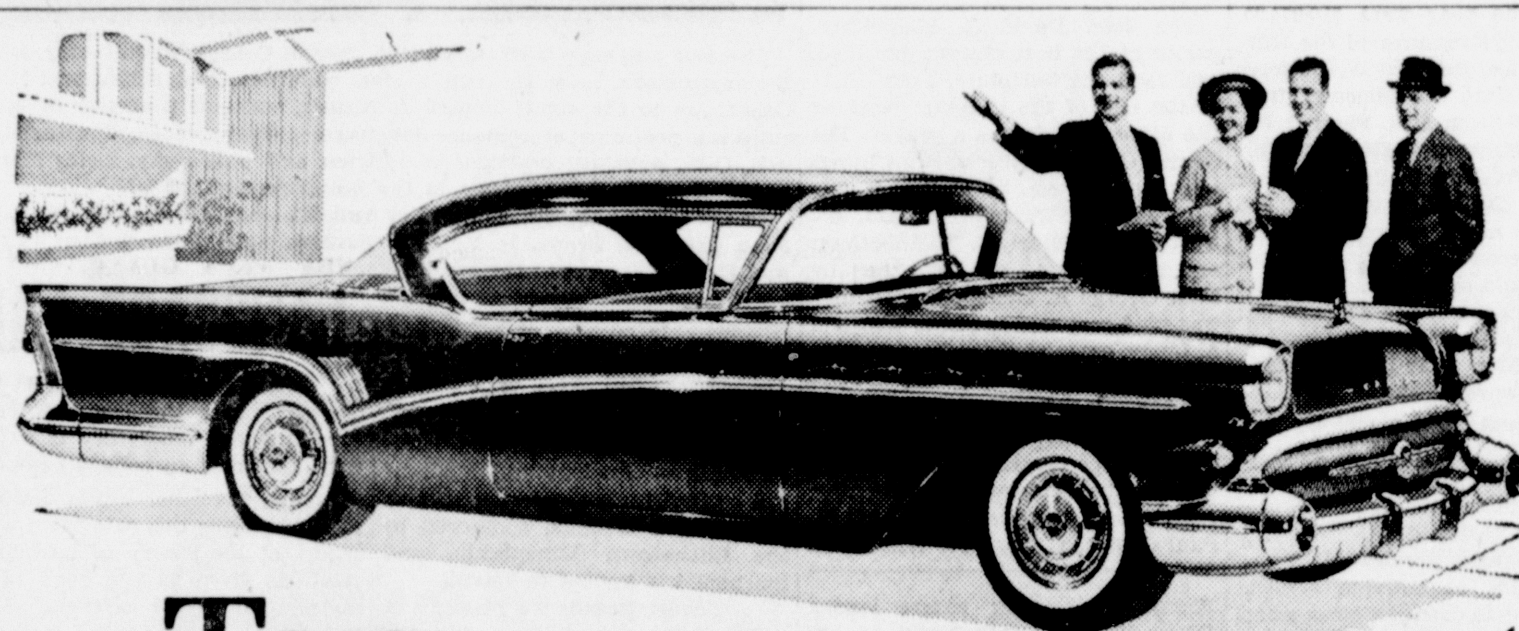

employment as librarian. She refused to take a loyalty oath demanded by her opponents.

The library committee said it was satisfied she was a loyal citizen and had not been connected with any subversive group since 1947.

The library which is operated free to all, used to get subsidies from Plymouth and Whitmarsh Townships and from the Conshohocken Community Chest. These were stopped at a loss of about \$1,500 a year.

The local American Legion post and the Valley Forge chapter of the Daughters of the American Revolution demanded Mrs. Knowles' dismissal. But the Quakers refused to fire her.

## COUPLE WEDS ON SATURDAY

Miss Doris Elaine Yohn, daughter of Mr. and Mrs. Roderick S. Yohn, York Springs, became the bride of Pennsylvania State Trooper Eric Albert Bornemann, son of Mr. and Mrs. Albert Bornemann, Reading, Saturday morning at 10 o'clock at a double-ring ceremony in St. Francis Xavier Catholic Church.

Rev. Fr. Alexius F. Arnoldin, assistant pastor, officiated before an altar banked with white pompons and gladioli and red poinsettias. Mrs. George F. Eberhart, organist, played wedding music.

Miss Yohn wore a shrimp-colored lace and satin ball-length gown with matching accessories. She carried a nosegay of white roses.

Miss Sonia Neary, Gettysburg, the maid of honor, wore a light blue ballerina-length dress and carried a bouquet of pink carnations.

The best man was Trooper James J. Hydock, of the local substation.

A reception was held at the Yohn residence after the ceremony after which the couple left on a honeymoon of unannounced destination. Upon their return they will reside with the bride's parents, York Springs.

The bride was graduated from the York Springs High School in 1954 and from the Harrisburg Comptometer School. She is an instructor at the York Comptometer School.

Trooper Bornemann was graduated from the West Reading High School in 1949 and served for four years in the U. S. Navy. He joined the Pennsylvania State Police May 4, 1954, and is serving at the local substation.

Baking a meat loaf? Then grate some carrots fine and pile them into a baking dish with about a quarter cup of water, a little butter, salt and pepper to taste. Cover the carrots and bake in a moderate oven — the temperature at which meat loaf is usually baked — until tender. ## Bullets Handed 100-71 Loss By Muhlenberg; Meet Strong Penn State Outfit Tonight

Tonight Coach Bob Davies' eagles meets powerful Penn State University at University Park. They return to the home court Thursday evening to oppose Ross Sachs' Johns Hopkins squad.

The Mules got a 4-0 lead to open Saturday's game but Jack Hathaway tied it at 4-4 for the Bullets, the closest the locals got all evening. Muhlenberg began to fast break and ran the score to 27-12. Tim Cousins got 10 of the first 14 points for the Bullets. Late in the half Gettysburg slashed the Mule margin to 35-29 but again the Mules put on the pressure to score eight straight points and take a 45-32 halftime advantage. During the first half the Mules hit on 19 of 38 tries from the field.

### File Up Big Lead

Muhlenberg piled up a 60-38 advantage early in the second half before Gettysburg narrowed the lead to 63-50. At the close of the game the Mules scored nine straight points in 70 seconds, with the 99th and 100th points just beating the final buzzer as Steve Matell tallied.

The Bullets were out-rebounded by the Mules 57-41. Cousins grabbed 12 and Del Warfel 11 for Gettysburg. The Bullets' 24 goals came on 68 shots. Muhlenberg made good on 42 of 79 shots.

Clint Jeffries was high man of the game with 20 points. Bob Walsack, Cousin and Marty Miller landed 13, 12 and 11 for Gettysburg.

## DICKINSON HAS HUGE TASK IN L.A. OPEN TODAY

LOS ANGELES (AP)—For a little buy who weighs only 125 pounds, Gardner Dickinson faced a monumental task today as he led the way into the final round of the \$35,000 Los Angeles Open Golf Tournament.

Packed into a spread of only five strokes were Dickinson and 11 other professionals. At stake was a first-money prize of \$7,000.

Nearest threat to the 29-year-old leader from Panama City Beach, Fla., was a seasoned rival, Art Wall Jr. Dickinson had a 54-hole score of 208, Wall 209.

### Great Names Here

Just behind were some of the greatest names in golf—Cary Middlecoff, Jack Burke Jr., Tommy Bolt, Dow Finsterwald, Doug Ford and England's Ryder Cup star, Harry Weetman.

Add to these names of the so-called hungry players on the circuit, Doug Higgins, Billy Maxwell, Billy Casper Jr. and Fred Hawkins and Dickinson's problem is easily appreciated.

Playing the Rancho golf course a 36-35-71 gave him 7,131 yards was swarming with an estimated 16,200 fans yesterday. Dickinson shot even par. Was he scrambling?

### Scramble Every Day

"I scramble every day," he replied with a grin.

Wall moved into the target zone with a flashy 67.

Higgins' 71 gave him 210. The early leader, Casper, from Chula Vista, Calif., fell back to 211 with his 75 and a tie at 211 with Ford (71), Finsterwald (68) and Weetman (69).

Middlecoff (71), Burke (74) and Hawkins (68) were at 212 and Bolt (69) and Maxwell (71) at 213.

In this case, the government is expected to state that the telecasts reached Western Pennsylvania and Ontario, Can.

## SPRINGFIELD PULLS UPSET ON PROVIDENCE

By THE ASSOCIATED PRESS

Two losing streaks, one spanning two years, were ended today as the lower half of the American Hockey League has taken a turn for the league leaders.

Last-place Springfield defeated first-place Providence 2-1 in overtime last night for the first time in two years and 23 games.

The Buffalo Bisons, in fifth, pulled out of their six-game losing streak by beating the Hershey Bears 4-2. The Bears had won four in a row.

In the other AHL game, Rochester pulled into a third-place tie with Cleveland, besting the Barons 7-4 after spotting them a 1-0 first-period lead.

### Hershey Led Early

Harry Pidhury scored the overtime clincher for Springfield which won its first over the Reds since their opening game of the 1955-56 season. Since that game, Providence had won 20 games and tied two.

Lou Jankowski, Pete Conacher and Sam Bettis scored for Buffalo in the second period to overcome Hershey's first period 1-0 lead. Buffalo moved within a point of third and four of second. The Bears, in second place, remained five points behind Providence.

The Ameriks were deadlocked for third with Cleveland, each with 34 points, after Rochester scored three times in the final period to clinch a home ice victory. Bronco Horvath, Paul Masnick and Ron Hurst were the Rochester last-period scorers.

## Shippensburg Here Tuesday To Meet Warriors; County League Has Full Program

Gettysburg High, 3-2, goes after its first victory in South Penn League competition when it meets the Shippensburg Greyhounds on the local floor Tuesday evening. The junior varsities will meet at 6:45.

Stung by the 76-62 lacing handed them last week at Mechanicsburg, the Warriors are determined to make the Greyhounds their initial league victim.

Shippensburg, returning to the South Penn League after a year's absence, has lost two to league opponents. They bowed at Carlisle 68-55 and then gave Mechanicsburg a terrific battle before yielding 54-52. Ray Beltsch, 6-2 forward, is the only letterman on Coach George Kohut's squad. However, a group of newcomers, including Crawford Weistling, 6-5 center, have shown considerable ability and undoubtedly will furnish the Warriors with plenty of opposition.

In other league games Tuesday, Middletown plays at Hanover, Chambersburg at Carlisle, and Waynesboro at Mechanicsburg.

### County Schedule

A full schedule is also listed in the Adams County League. Littleton will be at New Oxford, Littlestown at Boiling Springs, Big Spring at East Berlin, and Biglerville at York Springs.

Junior varsities will open their league campaign by playing preliminary games.

## Kuharich's Emotions Mixed On Saturday

MOBILE, Ala. (AP)—Washington Redskins Coach Joe Kuharich, who bossed the North team in Saturday's Senior Bowl football game watched with mixed emotions while his Yankees took a 21-7 pounding from the South.

Don Bosseler, powerful University of Miami fullback, ripped the North line to shreds. He scored two touchdowns and set up the other South tally. Bosseler gained 189 yards in 28 carries and was voted the game's outstanding player by a wide margin.

While wincing in sympathy with his battered linemen Kuharich was looking ahead to next fall in the National Football League. Bosseler is Washington's number one draft choice.

## DICK HARP OF KANSAS HAVING BIG 1ST YEAR

By STANTON SAMUELSON

LAWRENCE, Kan. (AP)—Basketball coaches with nightmares can be pardoned a little dribble of envy over Dick Harp of Kansas. He has a conference championship and a No. 1 national rating in sight and this is his freshman year in a big-time coaching job.

The key to Harp's dream, of course, is the sensational Will (The Stilt) Chamberlain. Other Big Seven mentors wince when they think of the 7-foot sophomore's feats so far this season.

### Tenth Straight

Kansas, ranked first in the weekly Associated Press poll, rolled to its tenth straight victory Saturday by thrashing Missouri 92-79 in the league opener for both schools.

Harp, a modest person who is downright silent compared to his predecessor, Forrest C. (Phog) Allen, expressed pride in his team but said "It's nothing new for Kansas to be rated tops."

The Jayhawk coach is not a novice to basketball or Kansas. He was a star guard at KU from 1938-40 and served as assistant to Allen from 1949 until his appointment as head coach last July.

### Chief Problem

"Our most pressing problem this season," says Harp, "is more consistent play and how to make Will most effective to the team."

Other coaches probably will shudder to think what would happen if "The Stilt" became any more effective. He has a 32.9 point average per game and has played brilliantly on defense.

## NEW HUNGARY PROGRAM ASKS WESTERN HELP

By ENDRE MARTON  
BUDAPEST, Hungary (P)—Premier Janos Kadar's Soviet-installed government, taking the wraps off its long-promised "new program," combines get-tough Stalinism with an appeal to the West for financial aid.

The program was issued yesterday from the Premier's office in Parliament building, ringed by protecting Russian tanks. It was broadcast as a 10,000-word statement over the Budapest radio.

The statement probably got its final drafting last week while visiting Soviet Communist party chief Nikita Khrushchev looked on. The Hungarians, led by some informants to expect a "surprisingly mild" declaration, were told among other things:

**Reference To Revolution**  
"There is a dictatorship of the proletariat in Hungary . . . The counterrevolutionaries and persons who attack the legal order and the basic principles of the people's democracy have no freedom even if they mask their counterrevolutionary efforts by democratic slogans. The law will always punish them severely. . ."

In an obvious reference to the Soviet-crushed revolt in November, the statement said:

"People of petty bourgeois thinking or people who are masking themselves as Marxists set as their aim the disintegration of social order and the dissolution of it whereby they used slogans like democratization, de-Stalinization and others. . . It is therefore a main task to strengthen the people's democratic installations and organizations. . ."

**Leaders Blasted**  
The statement said "the government is planning talks with various public figures and non-partisan experts aimed at their participation in leading state affairs with the government." This indicated some sort of coalition government but did not mention

## Has New Idea For Drunken Drivers

DENVER (P)—A Colorado state senator came up today with a new idea for punishment of persons serving jail sentences for driving while intoxicated. "I'd like to see them be required to pick up the whisky bottles and beer cans along our highways," said Sen. A. Woody Hewett, a Boulder Republican. Hewett said he would have a bill drafted if there are no legal obstacles to the plan.

## TRAPPED SHIPS START LEAVING CANAL TODAY

PORT SAID, Egypt (P)—Thirteen ships of seven nations finally were on their way out of the Suez Canal today, more than two months after the British-French invasion and Egyptian counter-measures bottled them up in the waterway.

Wrecks still obstructing the canal made their passage north to Port Said a tricky navigating problem. Col. Mahmoud Yunes, managing director of the Egyptian Suez Canal Authority, estimated it might take until Thursday to get all 13 out of the canal. The Egyptians themselves undertook the job of moving the trapped freighters and tankers, spurning offers from the U. N. salvage fleet clearing the ships and bridges which Egypt sank in the canal after British and French warplanes began to bombard Oct. 31.

The stranded ships were in a southbound convoy which left Port Said Oct. 30. They were caught about seven miles north of Ismailia, the canal halfway point, and most of their crews have been living in Cairo.

Because the southern portion of the canal is still blocked, the ships must go out through the north. U. N. salvage experts estimate they will have a channel open to 10,000-ton ships the entire length of the 103-mile waterway by early March.

The trip north for the ships involved being tugged around until they were headed north, the first time vessels have ever changed direction in the canal.

any non-Communist parties.

The government pledged a continuation of the socialization of agriculture and asserted that "steps will be taken with all the severity of the dictatorship of the proletariat against people who damage agricultural installations."

The statement blasted Stalinist leaders Matyas Rakosi and Erno Gero as well as Imry Nagy, who succeeded them and was ousted as premier by Kadar and his supporters with Russian help.

## Man Shot While Working On Books

POTTSVILLE, Pa. (P)—Arthur Klouser, 53, was shot yesterday when two men held him up as he worked on books of the Legal Coal Co. at the firm's office in Valley View, about 16 miles west of here.

Klouser, shot in the thigh, was reported in fair condition at Pottsville Hospital.

He told police he jumped at one of the intruders and was shot. While one of the men watched him, the other ransacked a cash drawer, taking \$270 and several checks, Klouser said.

## FALL VICTORY MADE OFFICIAL

WASHINGTON (P)—The landslide re-election of President Eisenhower and Vice President Nixon on becomes official today.

The Senate and House arranged to meet in joint session to witness the formal counting of electoral votes.

As a result of nationwide balloting last Nov. 6, Eisenhower and Nixon, the Republican candidates, got 35,584,135 popular votes to 26,036,080 for Democratic presidential nominee Adlai E. Stevenson and his running mate, Sen. Estes Kefauver of Tennessee.

Translated into electoral votes, this gave the Eisenhower-Nixon ticket 457 to 73 for the Stevenson-Kefauver combination.

The remaining electoral vote went to an Alabama circuit judge, Walter B. Jones, for president and Herman Talmadge of Georgia, now a senator, for vice president. The Jones - Talmadge vote was cast by Alabama elector W. F. Turner of Montgomery, despite the fact that his state's popular vote went to Stevenson and Kefauver.

## ACTRESS TELLS OF DEMAND FOR \$80,000 RANSOM

ENCINO, Calif. (P)—Marie McDonald, "The Body" of filmland fame, says that a \$80,000 ransom was set by the two swarthy men who, she told police, kidnapped her.

The glamorous blonde actress, wearing a white nightgown, burst into tears twice as she told a news conference in her bedroom yesterday that the men said they hoped to ransom her for \$20,000 each from these four persons:

**Twice Married**  
Shoe manufacturer Harry Karl, twice married and twice divorced from Miss McDonald.

Mrs. Marie Tuboni, her mother. Harold Plant, her business manager.

The two men called Karl and her mother, she said, and dialed the telephone so she could talk to Wilding and Plant. Ransom was not mentioned in any of the calls.

**Threatened Children**  
"They wanted to build up worry with each call so that they would pay the ransom," Miss McDonald, flanked by two attorneys, told newsmen in the same bedroom from which she said she was abducted.

After she disappeared Thursday night, male callers phoned Karl and Mrs. Tuboni and Miss McDonald phoned Wilding, Plant and movie columnist Harrison Carroll.

She said the men forced her to leave with them by threatening her sleeping children with a gun.

She said she was taken to a house in the Los Angeles area where she was held most of Friday. The men gave her whisky and pills.

**Burst Into Tears**  
"I hid them in the hollow of my cheek and later got rid of them," she said. "They apparently thought the pills had knocked me out." It was then, she said, that she phoned Carroll.

She burst into tears as she told newsmen how her abductors had hit her "more than once." She cried again when a reporter asked her, "Why?"

One of her attorneys, Norman Brand, said:

"Marie, you already have given that statement to police."

After she was found on the desert near Indio Friday night, police questioned her at an Indio hospital. Detectives at the scene backed up statements of her physician that there was no indication that she had been assaulted.

But detectives in Los Angeles said that she had informed officers that she had been assaulted. When another reporter asked her yesterday if there was any "vindictiveness" in the kidnapping, her second attorney, Jerry Giesler, warned her:

"It would be best not to say anything on this matter, as it might be misinterpreted."

## The FBI Story-by Don Whitehead

(Continued from Page 1)  
rage, or barn, and he was transferred to a larger car. He was placed in the back on a pallet spread on the floor.

About three hours after changing automobiles their car stopped at a gasoline station, where a woman filled the tank without noticing anything unusual.

"How are crop conditions?" one of the kidnapers asked. "The crops around here are burned up," she said, "although we may make some broom corn."

Their next stop was another garage or barn. Urschel was taken on foot to a house nearby where he spent the night.

**Sounds Of Farm**  
Next day he was taken to another house about 20 minutes' driving distance from the first. He heard chickens cackling, cows lowing and hogs grunting. He heard water being drawn by bucket from a well he judged to be northwest of the house. He drank from a tin cup without a handle and the water had a mineral taste.

Handcuffed to a chain, Urschel managed to work his blindfold loose enough so that he could get a glimpse of his watch. Each morning about 9:45 and each evening about 5:45 he heard a plane pass over the house. But on Sunday, July 30, there was a down-pour of rain and he didn't hear the morning plane. The next day he was driven to a point near Norman, Okla., and released.

FBI special agents studied Urschel's recollections and decided that their best chance to locate the kidnapers' house was tied in with the account of the rainstorm and the failure of the plane to follow its usual course.

**No Plane In Rain**  
They found that on Sunday, July 30, an American Airways plane on the Fort Worth-Amarillo

run had been forced to swing north from its usual course to avoid a rainstorm. U.S. Weather Bureau records at Dallas disclosed that this general area had been suffering from a drought and the corn was beginning to burn until the July 30 rains came. A little calculation showed that the morning plane leaving Fort Worth and the afternoon plane leaving Amarillo would pass over a point near Paradise, Tex., at the approximate times recalled by Urschel.

They found the house described by Urschel. It was the ranch home of Mr. and Mrs. R. G. Shannon, stepfather and mother of Kathryn Kelly. Kathryn Kelly was the wife of the notorious "Machine Gun" Kelly, who reputedly could knock walnuts off a fence with his machine gun at 25 yards.

Urschel identified the Shannon home. There was the well and the tin cup without a handle and the chain to which he had been handcuffed. He could never forget the mineral taste of that water.

The Shannons confessed that they had helped guard Urschel. The kidnapers were Kelly and Albert L. Bates.

The FBI men tracked Bates to Denver, where he was arrested. Kelly and his wife were traced to Memphis, Tenn. FBI special agents and Memphis police raided the hideaway. Caught without a machine gun in his hands, Kelly cringed before the officers and pleaded, "Don't shoot, G-Men! Don't shoot, G-Men!"

Kelly's nickname for the FBI's agents stuck with them. In newspapers, magazines and movies and over the radio, FBI, or "Government Men," became "G-Men" in a wave of publicity.

## ENVISIONS NEW VACCINES FOR NERVE DISEASES

By ALTON L. BLAKESLEE  
**NEW YORK** (AP) — Dr. Jonas E. Salk today suggested the bold new idea of a vaccine guarding you against all viruses which attack nerves.

He listed two big reasons for seeking such an all-virus vaccine. 1. Perhaps many diseases which hit adults stem from childhood virus attacks which weakened nerves but gave no sign at the time. These ailments might include back pain, ulcers or high blood pressure.

2. Certain viruses might "sleep" in the nervous system for years until some stress made them active and caused trouble.

**Speaks At Conference**  
Salk, Pittsburgh scientist who created the Salk polio vaccine, made his proposal in a talk prepared for the opening of a three-day conference on cellular biology, nucleic acids and viruses.

The conference is conducted by the New York Academy of Sciences in honor of the 65th birthday anniversary of Basil O'Connor, president of the National Foundation for Infantile Paralysis.

Many kinds of viruses besides polio can invade the central nervous system, Salk said.

In childhood, some of them could damage nerves in an unfelt, unseen way — so that your body couldn't resist stresses and demands encountered later in life.

These viruses could include polio virus, against which there now is a vaccine.

Other viruses, however, might remain dormant or sleeping for years until something happened to stir them to damaging action. An all-virus vaccine or drug could head them off in the beginning.

Salk said the widespread successful use of polio vaccine might

## SCRIBE CLAIMS IKE'S MID-EAST PROGRAM VAGUE

By JAMES MARLOW  
**Associated Press News Analyst**  
**WASHINGTON** (AP) — The Eisenhower administration, faced with the necessity of taking some kind of leadership in the Middle East where the British and French have been discredited, has acted dramatically but vaguely.

The President went before Congress Saturday with what has been called a program but which is really an outline for a program. And, for the most part, it was not new.

Its vagueness raised questions which may keep the Russians guessing. The questions will also keep Congress and the public guessing until Eisenhower's aides answer some of them.

Nevertheless, since action is needed at this time, and since some action seems better than drifting, Congress will probably approve some of what Eisenhower asked. Time and events will show whether his judgment was good or bad.

## Plans Military Aid

This country has given the Middle East economic aid. Eisenhower asked Congress to increase it. But how it will be used he didn't say. At this time he probably doesn't know since it isn't clear what Middle Eastern nation wants it or would accept it.

He told Congress he wants to give Middle Eastern countries military assistance — arms — and this idea is not new although Secretary of State Dulles has been hemming and hawing for months about giving that area arms.

He held off giving Egyptian President Nasser arms until Nasser got them from Russia. He wouldn't sell arms to Israel but let the door open for American allies to supply the Israelis, which they did. He let tanks go to Saudi Arabia.

He asked Congress for approval beforehand to use American armed forces in the Middle East to help any nation which asked for it to stop "overt aggression" by a nation controlled by international communism.

But except for the economic help intended to stabilize Middle Eastern nations, and arms to quell rebellion, he offered no plan at all for what seems a far more immediate danger in the area: take-over by the Communists from within a country.

## STORIES OF JEW MISTREATMENT ARE IN CONFLICT

**NAPLES, Italy** (AP) — A shipload of Jewish men, women and children has arrived here from Egypt, telling a story of terrorism, imprisonment, expulsion and forfeiture of property.

An officer on the Egyptian passenger ship Misr which brought the 857 Jews from Alexandria, denied the account. He said the Jews were well treated and left of their own accord.

Many of the arrivals said they expected the rest of Egypt's 40,000 Jews to leave soon. The Egyptian said those he brought out were mostly stateless and that two thirds of his country's Jews, will choose to stay in the country.

Fewer than 100 of the arrivals have passports — as citizens of France, England, Italy or other countries. The families of many of the stateless have been in Egypt for three, four or five generations. They said it was hard to get Egyptian citizenship.

**Gave Gay Party**  
The Jews agreed that the Misr's crew threw a gay new year's party for them, giving them such presents as cigarettes, soap, whisky and toys for the children. But about 100 said they spent the day before leaving Alexandria in prisons or concentration camps.

The Jews said the Egyptian authorities told them they could take 100 Egyptian pounds (\$288) per person and one or two small pieces of luggage not valued at more than 50 pounds. They paid for their passage.

About 100 of the Jews named various countries to which they would like to go, but most of them asked:

"When is the next boat to Israel?"

Authorities here said the Jews would get temporary housing. They added an Israeli passenger ship is expected here within a week.

## Won't Take Action Against L. A. Conner

**WASHINGTON** (AP) — The Civil Service Commission has refused to take action against Lawrence A. Conner, Jr., on a complaint that he violated the Hatch Act by participating in a Chester, Pa., political campaign.

The commission ruled that Conner's activity was not of such a character as to warrant his removal from his position as executive director of the Chester Housing Authority.

The commission ruling followed an investigation of a complaint that he took an active part in the campaign of his father, Lawrence A. Conner, Sr., for election as mayor of Chester in 1955.

## ADLAI CALLS FOR OFFENSIVE BY U. S. DEMOCRATS

By JACK BELL

**WASHINGTON** (AP) — Adlai E. Stevenson called today for a four-year "sustained offensive" by the Democrats against the Republicans in an effort to win back the White House.

Stevenson, the 1956 Democratic presidential nominee, said in an interview he believes the best way to get ready for the 1960 and 1962 elections is for Democrats in and out of Congress to work together.

"We must have a sustained offensive throughout the next four years and that is the best way to get it," he declared. "We must have a broad base of operations from which we can bring in governors, mayors and other officials as well as members of Congress."

## To Remain Active

Stevenson said he will continue to be active as a member of the party's policy advisory committee which patched up its surface differences with Democratic leaders of Congress in a weekend meeting here.

Speaker of the House Rayburn and Sen. Lyndon B. Johnson, the Senate's majority leader, met with the committee and said later they will welcome advice from the party group, although the two Texans stuck by their previous decisions not to become members of it.
